CONFERENCE

India's flagship event, **Bengaluru Tech Summit** has evolved over two decades as a Premier ICT, Electronics and Biotechnology Summit. Powerful Conference has been a strong component of the event right since inception providing comprehensive view of critical, technical, commercial, policy issues facing the industry.

The International Conference will bring together top technology experts, futurists, policy makers, research heads and industry captains from all over the globe to indulge in invigorating sessions. Eminent personalities will deliberate on thought leadership while expert speakers will give insights into the latest industry trends, future opportunities and innovators will present the path breaking ideas.

The conference will have over 350+ expert speakers with over 4000 delegates which will be developed with the support of leading Industry associations/organizations.
